Vortragsankündigung

Update on the Molecular Pathology of Uveal Melanoma

Prof. Sarah Coupland

MBBS, PhD, FRCPath

George Holt Chair of Pathology, University of Liverpool

Am Donnerstag, 4.4.2013 um 16:00 Uhr
im Seminarraum des Vorklinikums an der Universität
Raum VKL 5.0.05

Prof. Sarah Coupland is head of Academic Pathology at the Liverpool Cancer Research Centre of the United Kingdom. She is also an honorary consultant pathologist. Her major research interest is the oncology of the eye. She is especially interested in lymphoma and melanoma of uvea, conjunctiva and the ocular adnexa. Her work has been published in major journals and has significantly contributed to our knowledge in this field.

Sprecher der FOR 1075: Prof. Dr. Ernst Tamm
Lehrstuhl für Humananatomie und Embryologie
