

Summer School Tagungszentrum ABG Beilngries Sep 12 - 14, 2010

	Sep, 12th	Sep, 13th	Sep, 14th
morning		<u>Degeneration mechanism</u>	<u>Stem cells</u>
		Diagnostics in neurobiology (M.Mirza)	adult neurogenesis and stress (K. Hillerer)
		intracellular signals (B. Jurek)	axonal guidance (M.Klupp)
		membrane lipids (T. Härtinger)	Clinical potential of pluripotent stem cells (F.Zach)
		neurotoxicity (K.Nyuki)	Gene therapy for Leber's congenital amaurosis (L. Zeilbeck)
			IP stem cell therapies for retinal disease (P.Zadavec)
afternoon	<u>ND in development</u>	<u>Disease</u>	
	ND in development in general (M. Lukas)	neurogenetics (M. Karlstetter)	
	ethanol in development (I.Toth)	Different kinds of glaucoma (S. Kessel)	
	autophagy in development (C. Bleyl)	Genetic features about glaucoma (C. Sippl)	
		MS (M. Gallenberger, S. Peters)	
		ND und Altern (N. Uschold, A. Fuchsl)
