The Organizers

Julius-Maximilians-Universität Würzburg (JMU)
The Julius-Maximilians-Universität Würzburg (JMU), which has strong partnerships with universities in Western Ukraine, is the host of the Ukrainian-Bavarian Higher Education Day.

In 2014, JMU held several workshops for initiating and strengthening cooperation with universities in Lviv, Ukraine. Several faculties were involved on both sides, particularly in Natural Sciences. Joint study programs resulted in the field of Computer Science and Mathematics, to name only one positive impact. Furthermore, the department of Slavic Philology has been cooperating with universities and research institutes in Ukraine and is still offering Ukrainian language courses. Within the Ukrainian-German Alumni-Network, a project funded by the German Academic Exchange Service, JMU intensified its activities with Ukraine in 2017. For this project, which goes far beyond academic exchange, new partnerships were established with universities in Kiev, Odessa and Kharkiv.

Early booking is recommended in order to get special offers. Seat reservations are also strongly recommended.
