Organisational Information

This offer is open to all employees of the University and the University Hospital.

Process

1. Register at www.famPLUS.de using your email address.
2. Agree to the data privacy statement.
3. Enter the type of support you are looking for in the "Enquiry" area.
4. A member of the pedagogical team will contact you to discuss your specific needs, and will make suggestions.
5. You choose the solution that suits you best.

Please register early

It takes about four to six weeks after an enquiry is received until a child minder, rent-a-granny, nanny and au pair can be found and assigned to you. Therefore, register your requirement as early as possible.

Costs

As your employers, the University and University Hospital will be pleased to pay your costs for seeking individual advice from famPLUS. Costs that arise as part of the care service or arrangement thereof must be paid by you as the parents (exceptions may be applicable for employees from projects sponsored by the German Research Foundation - DFG).

Please address any questions either directly to famPLUS
Lindwurmstraße 41/43
80337 Munich
Tel.: +49 (0)89 809 9027-00
Email: info@famPLUS.de

Dear Colleagues,

The need to reconcile family and professional obligations is becoming an increasingly important issue in the daily routine of employees at the University and University Hospital. Given the enormous diversity in domestic and living situations on the one hand, and the demands of our colleagues’ professional environment on the other, we want to support you in finding the best possible balance between pursuing your career and looking after your family.

As your employers, the University and the University Hospital have already instituted many family-friendly programmes, such as advice opportunities, supervision during holidays and flexible working models.

Through our cooperation with famPLUS, we are now able to offer you more child care options, as outlined in this flyer.

Our cooperation partner
As employees at the University and the University Hospital, you are entitled to take advantage of the range of services offered by our cooperation partner famPLUS.

famPLUS helps working parents to arrange qualified child care. The highest priority for famPLUS is the quality of its selection and care services.

The famPLUS pedagogical team reviews the suitability of all child minders thoroughly. Complete information is available at www.famPLUS.de

Care options
We offer you

Short-term child care for emergency situations, when your regular child minder is not available. If your enquiry is received at famPLUS by phone or email before 6 pm, it will be possible to arrange child care for as soon as the following day.

Needs-specific child care
Your individual needs can be met by arranging child minders, rent-a-granny, nannies or au pairs. Regardless of whether you need the service for whole days or half-days, regularly or occasionally – with our cooperation partner you will find the care service your child or children need.

Please note
Please continue to address requests for child care during school holidays, for congresses and conventions, and for babysitters to the respective family service.
