Internship at the United Nations Economic Commission for Europe

We would like to alert you to an upcoming internship opportunity in the UNECE (United Nations Economic Commission for Europe) Population Unit from May to July 2013. The intern will be prominently involved in preparing an international high-level Conference on the regional review of implementation of the ICPD Programme of Action (ICPD - International Conference on Population and Development which took place in 1994 in Cairo). The intern will also be involved in all other ongoing programme activities related to ageing and in implementing the Generations and Gender Programme, an international data collection programme. Interns have to be enrolled as students at Master's level throughout the internship. The application procedure is explained here: http://www.unece.org/pau/internship.html.

Please send all correspondence with cc to viviane.brunne@unece.org.
