We are pleased to invite you to the Conference Integrating Immigrants and Refugees in the European Workplace that will be held on November 25th and November 26th at the University of Regensburg.

**Short Description:**
This conference is a forum for exchange of knowledge between practitioners and scholars in order to improve the integration process for immigrants and refugees in the European workplaces. Beyond the exchange of knowledge, the conference acts as a seed corn for further international and interdisciplinary research projects and co-operations between scholars and practitioners. We highly welcome scholars from different backgrounds (i.e., psychology, pedagogy, sociology, political science, and law) in addition to practitioners whose work deals with diversity and integration.
