Forms of participation in the conference

The conference is held in an online format and assumes full-time and part-time forms of participation. Please send applications for participation to the Russian University of Transport by May 01, 2021 at the e-mail address rusiinyazrut@yandex.ru. Filling in all fields in the application form is required.

Areas of interest include

- Digitalization of transport education;
- Linguistic components of engineering education;
- Methodological links between language and graduate departments;
- Methodology for information exchange in order to improve the quality of writing articles in scientific journals (Scopus, WoS);
- Complex interaction of linguistic and graduating departments in the interdisciplinary study of Russian and foreign languages;
- Experience in training students and highly qualified personnel abroad.

Regulations for the placement of articles in the collection of conference materials

Submission of articles in the electronic collection of conference materials is free. Articles are accepted for placement in the Collection after reviewing by the Organizing Committee of the conference.

Rules for the registration of articles

Articles are drawn up in accordance with the requirements for publications placed in the RSCI:

- title of the article in Russian and English;
- full name of the author (s) in Russian and English;
- annotation in Russian and English;
keywords in Russian and English. **The originality of the text must be at least 80%**.

Please send articles for placement in the collection of conference materials to RUT (MIIT) at the e-mail address rusiinyazrut@yandex.ru **before May 01, 2021**.

Articles are published in the author's edition.

Articles included in the electronic collection are indexed in *Elibrary*.

An electronic version of the conference materials will be sent in pdf format to each of the authors.

Materials that do not correspond to the topic of the conference and are submitted in violation of the established procedure for registration and deadlines for providing publications are not accepted for publication. Common requirements for the formatting of articles are presented in Appendices 1, 2.

REQUIREMENTS FOR REGISTRATION OF ARTICLES

1. A scientific article prepared in compliance with all requirements is sent to the organizing committee in electronic form at rusiincyutz@yandex.ru no later than May 01, 2021.

2. A file with a scientific article should be prepared in the “.doc” or “.docx” format using the Microsoft Word program. The file name should consist of the names of all authors of the article, separated by an underscore (example: "Ivanov_Petrov_Sidorov.doc”).

3. Registration rules:
   - on the first line in the upper left corner of the document, the universal decimal code (UDC) is indicated;
   - through one line with text alignment in the center - the title of the article, reflecting its content, in bold, in capital letters;
   - through two lines with text alignment to the left, the surnames, initials of the authors of the article are written in bold, in capital letters;
   - through one line with alignment to the width of the page - a short annotation (characteristics of the main provisions and results) up to 350 characters;
   - on the next line, aligned to the width of the page, keywords are given that correspond to the content of the scientific article (the total number is 7-12 words);
   - through one line with text alignment in the center - the title of the article in English, in bold, in capital letters;
   - through two lines with text alignment to the left, the surnames and initials of the authors of the article in English are written in capital letters;
   - on the next line aligned to the width of the page - a short annotation (characteristics of the main provisions and results) up to 350 characters in English;
   - on the next line, aligned to the width of the page, keywords are given that correspond to the content of the scientific article (total number - 7-12 words) in English;
   - the text of the article is given through one line.

Requirements for text formatting

The volume of the article is from 5 to 12 pages of printed text. The text is formed on A4 sheets, portrait orientation, margins: left - 3 cm, right - 1.5 cm, top - 2 cm, bottom - 2 cm, single line spacing, red line 1.25 cm, width alignment pages. For center-aligned text (including headings), there is no first line indent (0 cm). All text is typed in Times New Roman, font size 12, normal style. Figures and tables should be placed in the text and be included in the total volume of the article. All illustrations and tables used must be of good quality. It is necessary to use only polygraphic quotation marks in the text: "...".

One line after the main text is the References.

Requirements for the design of the list of references

The list of references is drawn up by a general list at the end of the article with the subtitle "References" and is drawn up in accordance with GOST R 7.0.100-2018. Russian-language sources are indicated first, then foreign sources.
An example of an article

UDC 378: 371.4

FORMATION OF A STRATEGIC GOVERNANCE SYSTEM 
AS A FACTOR OF THE EFFICIENCY OF THE COMPANY’S DEVELOPMENT

Ivanov A.A.

Annotation. The article discusses the formation of a strategic management system as a factor in the effectiveness of the company's development. The interrelation of budgetary and strategic management, which influences the vector of the company's development as a whole, is presented. The author draws attention to the fact that the developed strategic management system does not guarantee the achievement of the company's goals.

Keywords. Planning, strategy management, process synchronization, company development, management cycle.

Currently, continuous information transformations in the Russian economy have an impact on the structure and management system of large companies.
