You want to...

• ... improve your English skills in a professional context?
• ... lose your shyness about communicating in English?
  • ... expand your knowledge in small courses?
• ... learn about the school systems of other countries?
  • ... meet students from abroad and work with them?
  • ... prepare for a possible stay abroad?

If so, the English-language courses in primary education are just the right thing for you!

We would like to welcome you in one (or more) of the following courses:

• School systems in Europe and across the world
  • Main topics in primary school pedagogy
  • Classroom management – It’s more than getting all your ducks in a row
• How do German primary schools work? School visits to primary schools with different profiles
  (including teaching observations)
