

Information

on terminating enrollment after finishing the final examinations:

According to Art. 49 Para. 1 of the Bavarian law on higher education (Bayerisches Hochschulgesetz, BayHSchG), a student's enrollment is terminated at the end of the semester (Sept 30 or March 31) in which they finish their final examinations.

The announcement of the passing of the final examinations (whether in writing or orally) is decisive for determining the date of the termination of the enrollment.

Should it, however, be necessary to terminate the enrollment before the end of the semester, you can apply to do this at any time.

Even when the termination of enrollment is carried out by operation of law, you should apply to the Registrar's Office for certification of the termination, as this is required by many authorities (e.g. for pensions or other universities).

If, on the other hand, you wish to continue your studies in the following semester in a different program at Universität Regensburg, you need to apply for a change of degree program. This is also done at the Registrar's Office.
