

CURRICULUM VITAE – Prof. Dr. Klaus D. Grasser

Academic Education

Study 1983-1989	Study of Biological Sciences, Freiburg University, Germany Diploma (MSc) in Biology
PhD 1989-1991	Doctoral dissertation (supervisor Prof. Dr. Günter Feix), Freiburg University, valued " <i>summa cum laude</i> " Graduation as Dr. rer. nat.
Habilitation 1995-1998	Habilitation and award of the " <i>Venia legendi</i> " in Molecular Biology and Genetics, Freiburg University

Professional Experience

1992-1993	PostDoc (supervisor Prof. Dr. Günter Feix), Freiburg University, Germany
1993-1995	PostDoc as EMBO-fellow (supervisor Prof. Dr. Jean O. Thomas), Cambridge University, UK
1995-1999	Independent group leader as "Habilitation-fellow" of the Deutsche Forschungsgemeinschaft (DFG), Freiburg University
1998	Research stay as FEBS-fellow, Centro Nacional de Biotecnología, Madrid, Spain
1999-2000	Research coordinator, Agricultural Technology and Genetics GmbH, Rastatt, Germany
2000	Associate Professor in Plant Biology, Department of Life Sciences, Aalborg University, DK
2007	Professor in Plant Molecular Biology, Department of Life Sciences, Aalborg University, DK
2009-2014	Assigned Professor at Aalborg University, DK
since 2009	Professor, Department of Cell Biology & Plant Biochemistry, Regensburg University, Germany
since 2019	Dean of Studies Biology/Biochemistry of the Faculty

Research Interests

Role of RNA polymerase II transcript elongation and co-transcriptional mRNA processing/export in the regulation of plant gene expression and development

Memberships

Gesellschaft für Biochemie und Molekularbiologie (GBM)
American Society for Plant Biology (ASPB)
