4) Intensive Language Course and Orientation Course:

Students with German language skills below level B2 may apply for the preparatory intensive language course (including orientation) that takes place in September/October and March/April. The course is usually offered on at least six different levels (A1-B2) as long as we have enough participants for each language level. The language of instruction is German. However, all extra-curricular activities and the orientation will be in English.

Exchange students who receive a place for the Intensive Language Course are expected to arrive on the designated arrival dates and participate in the orientation program, as all questions referring to administrative formalities, choice of courses, study plans, finding their way in Regensburg and on campus are all dealt with during that time.
