

UNIVERSITÄT REGENSBURG

The newly-established Faculty of Informatics and Data Science invites applications for a Professorship of Programming and Software Development grade W3 (chair)

with the status of civil servant for life (Beamtenverhältnis auf Lebenszeit) to be appointed as soon as possible.

The successful applicant's research should include one or more of the following areas: programming (e.g., methodology, program quality, advanced programming concepts, programming styles and programming languages), and software engineering (e.g., design of software systems and interfaces, requirement analysis, software architecture and quality, process models).

The successful candidate has the opportunity to shape the new faculty and contribute to the development of the new bachelor and master degree programs in informatics and data science. Interdisciplinary cooperation with colleagues from other faculties is desired.

Involvement in the university's academic self-governance and in teaching is a prerequisite. Teaching duties include, in particular, basic courses in programming and software engineering.

Prerequisites for taking up the position are, alongside the general conditions from public sector employment law, a completed university degree, pedagogic suitability, particular aptitude for academic work, generally shown by a doctoral degree, and further academic performance shown via a habilitation or equivalent which may have been performed outside higher educational institutions or as part of the duties of a junior professor.

Universität Regensburg is particularly committed to reconciling family and working life (for more information, see <http://www.uni-regensburg.de/chancengleichheit>). To fulfill the equality directive and increase the number of female professors, we explicitly encourage applications from qualified women.

In case of essentially similar suitability, applicants with severe disabilities will be preferentially selected.

The prerequisites for appointment under civil servant law are based on the provisions of the Bavarian Public Service Code (BayBG) and the Bavarian University Staff Act (BayHSchPG). Please note the age limit specified in Art. 10 Para. 3 BayHSchPG.

Applications containing the normal documents (resume, certificates, list of publications with copies of up to five papers) should be submitted, solely in digital form (PDF format, in a single file)

by 22 May 2020

to the chair of the founding committee, Vice-president Prof. Dr. Nikolaus Korber,
Universität Regensburg, D-93040 Regensburg, Email: Vizepraesident@ur.de.
