**STUDENT PORTAL “SPUR”**

**What is SPUR:**

The important **student portal SPUR** enables you to see and print out certificates of enrollment, proof of studies and other confirmations with your login details (user name and password). For example, you will need your enrollment certificate if you live in a student residence or for certain authorities.

**Please note:**

When you enrolled at the Registrar’s office you received a document with the title: “Ihre Einschreibung an der Universität Regensburg”. This document states all important information about your student status, but it is in German.

On this sheet you will find your Matriculation Number and your login details: RZ – Account and RZ- Password

This given password only allows you to login 3 times! Change it as soon as possible. Your password expires every 90 days! You get a regular reminder to your student-email account.

**Within your enrollment, you have a student-email account in addition to your work-email account! You get important information from the Registrar’s office to your student-email account! Please check both accounts regularly!**
